

27th November 2020

Dear Parent/Carer

PE KIT

As we approach the cold dark winter months and the weather begins to turn, some PE lessons will still be taking place outside. Every effort has been made to try and minimise this, but under current Covid guidance this is not always possible.

As explained to all students at the start of the term, it is acceptable for them to wear a non-hooded jumper, which is either navy, black or grey, underneath their school PE kit and black sports leggings if they wish. This does **NOT** act as a replacement for their school PE kit. Failure to bring the correct PE kit will result in sanctions being issued.

Also, unless there is a severe medical reason which means students cannot change, students are still expected to bring and change into PE kit. They will still be involved in lessons and take up leadership and officiating roles.

School PE kit is as follows:

Outdoor kit

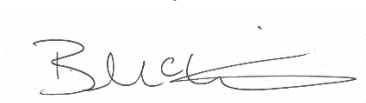

- Blue reversible shirt (with school logo)
- Navy shorts (skort is an option for girls), with school logo
- Blue and gold socks - long
- Boots and shin pads
- Gum shield

Indoor kit

- White polo shirt (with school logo)
- Blue shorts (skort an option for girls), with school logo
- White gym/tennis socks – long blue/gold socks (as above)
- Navy swimming shorts/costume

If you have any questions or concerns, please do not hesitate to get in contact.

Yours sincerely

Mr B McKeivitt
Head of PE
