Year 7 RELIGIOUS STUDIES

Curriculum intent:

Religious Studies aims to foster an appreciation of the diversity of British society and the wider world. This includes a comprehensive coverage of the six major world faiths and the exploration of ethical themes. Students will not only have the core, foundational knowledge necessary of religion in the contemporary world, but will be able to explore the issues within these religions critically and arrive at their own, developed judgements.

CONTENT / KNOWLEDGE:

- Introduction of religion in the twenty-first century
- Develop their understanding about religion.
- Explore two of the six main faiths: Christianity and Islam

SKILLS:

- ❖ Understand that religion shapes politics, art, culture, law, economics and international relations.
- ❖ Develop understanding about religion showing that a lack of understanding can lead to intolerance, hatred, racism, conflict and war.
- ❖ Recognise religious differences and similarities
