

Inspire, Believe, Support, Achieve

## Year 7 to Year 11: Key content and skills - **TECHNOLOGY**

**Y11**

AQA Food Preparation and Nutrition

AQA Design Technology

**Y10**

AQA Food Preparation and Nutrition

AQA Design Technology

**Y9**

Students will undertake a carefully planned series of projects which allow them to demonstrate a high level of practical skill. Each skill area will require students to think more analytically and use advanced design communication and problem-solving skills to create high level projects.

**Y8**

Students will undertake a set of new projects designed to build on the skills learnt in year 7. They should expect to use more advanced practical skills in each subject area and will experience a wider range of tools and equipment.

Please see separate document for Year 7
