

Inspire, Believe, Support, Achieve

Year 7 to Year 11: Key content and skills - **MATHS**

Y11

Consolidation of the Year 10 skills as well as being able to solve quadratic equations, expanding and factorising.

Y10

Start the GCSE two-year course, following the Edexcel Specification. Follow Foundation or Higher Tier programme. Develop greater independent learning; respond to complex questions and design own questions.

Y9

Apply mathematical knowledge and terminology to solve increasingly difficult problems.

Y8

Kangaroo maths – Be able to use increasingly complex mathematical language.

Please see separate document for Year 7
