

## **Parental Advice**

It is important to talk to your child about their career plans and encourage them to explore their options. We ensure that parents and guardians receive a copy of the interview for post 16 options and encourage conversations between school, student and home.

### **Our expectation is that our current careers programme will:**

- educate, prepare, and inspire young people as they make decisions about their future learning and work choices
- improve their motivation and aspiration
- develop their career learning skills, knowledge and attributes, and
- increase their understanding of work-based issues such as prejudice, stereotyping, discrimination and equal-opportunities.

*'The only way to do great work, is to love the job you do' - Steve Job*
